Plagiarism detection made easy

Ouriginal by Turnitin is an award-winning software that helps detect and prevent plagiarism regardless of language. Combining text-matching with writing-style analysis to promote academic integrity and prevent plagiarism, Ouriginal is simple, reliable and easy to use.

Ouriginal was acquired by Turnitin in 2021. As part of a larger global organization, we are better equipped to anticipate the needs of our customers, adapt to change faster, and help foster an environment of academic integrity for educators and students around the globe.
